BLS Attorneys at Law is a leading medium-sized law firm in Austria in the centre of Vienna, known for its commitment to deliver high quality legal services. BLS offers advice and representation in all corresponding legal domains. The firm's growth and reputation have been built on the successful practice of business and commercial law.

The firm is dedicated to meeting the needs of their clients including private businesses, individuals and public entities. Clients range from small and medium-sized enterprises to some of the largest corporations in the world. BLS is able to recognise cross-disciplinary legal matters and resolve them quickly. Consequently they are the preferred legal representatives for many businesses.

Professionals at the firm always guarantee that their advice is practical, innovative and attach great importance to ensuring that work is performed on time and on budget. BLS continues to grow and works closely with a number of correspondent lawyers throughout Europe and overseas to serve the needs of its clients.

The firm's clients include several leading industrial producers, insurance companies, telecommunication companies, consumer electronics companies, leading associations for the benefit of creditors and consumers and many others. The firm has been and is still intensively involved in some of Austria's most high profile cases. Examples include the Kaprun case for the liability insurer, the Bawag case and the Constantia Bank/Immofinanz case. In the latter, BLS is representing the holder of the D&O primary policy and all three layers directly or indirectly.

BLS has recently advised on the restructuring of subsidiaries in Austria. Several contracts had to be drafted and share purchase agreements had to be executed. Further, the firm is the permanent lawyer of a number of insurers in major claim cases. For example, they currently represent liability insurers concerning explosions in the Netherlands in two different cases, relating to the devastation of a well known Austrian factory caused by fire. They permanently represent an English life and retirement pension insurer and are deeply involved in financial lines matters in several cases despite the aforementioned one. They deal with insurance cases regarding the liability of hospitals and physicians and are mandated with insurance coverage cases permanently. Besides representing the well known big names, BLS is often approached by smaller insurance companies regarding a number of different matters.
